About Us

Aktas, founded in 1970, is a Turkish company specializing in the manufacture of high quality outerwear for men and women such as trench coats, casual bombers, parkas, harringtons, puffas, quilted and casual & sport jackets and coats featuring in wool, cotton, polyester and any kind of mix blend fabrics. We are working with many countries namely France, Germany, Italy, UK, Spain, Denmark, Belgium, Finland, Sweden, Norway, Canada and the USA.

All garments are produced in our own factory with 10.000 square meter closed premises within 13.000 square meter area since 2002 with a sound business organization. Within our factory, we have around 300 employees. Our monthly capacity is around 20.000 to 25.000 pieces per month.

Through our 45 years of experience in constructing garments, our quality and craftsmanship is unparalleled

throughout the industry. We do not aim to produce therequired garments only, we also study alternative approaches and methods which could be more affordable, and respond to our customers' needs and requirements. We can work in CM & CMT terms as well as full package. One can be inspired by a variety of trendy styles in our showroom and even develop whole collection with our styles.
